Accompanying this Response is a Petition for Extension of Time for a two-month extension until June 15, 2001 in which to file this response and a copy of the notice.

The notice indicates substitute drawings must be submitted because the drawings submitted to the office are not electronically reproducible.

In accordance with comments found in the Federal Register volume 65, number 165, dated September 8, 2000, the Patent Office implementation of 35 C.F.R. § 1.84 will include reviewing drawings to insure that what has been submitted can be scanned and has no obvious errors, but will not include objecting to drawings merely because they could of been drawn more clearly or with more suitable views or shading. Furthermore, as stated in these same comments, enforcement of 35 C.F.R. § 1.84 will be limited to insisting upon drawings that are correct and reproducible.

The enclosed replacement drawing sheets are believed to satisfy these requirements, and therefore, entry is respectfully requested.

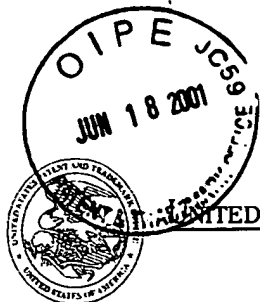

Respectfully submitted,

WEBB ZIESENHEIM LOGSDON  
ORKIN & HANSON, P.C.
